

STUDENT OF THE MONTH!!

MAY, 2020

EMMA LUDVIGSEN
ACADEMICS

I have been thinking about one student in particular who has been particularly responsible and engaged. I've been holding class times at regular time via Google Hangouts every day since March and one of my students in the French 3 Regular class, **Emma Ludvigsen** has not missed one class. It's a morning class, and even for that first block, she is always the first to pick up when I call, and has been eager to participate and get the work done in class. This student is definitely my student of the Covid-19 distance learning! Emma should be congratulated on her hard work and responsibility.

Congratulations Emma!!!!
